

Worldpay Receives Top Ranking in e-commerce Technology and Solutions Report

December 9, 2024

Named overall leader amongst competitors in a new report from Juniper Research

CINCINNATI, December 9, 2024 – Independent research firm Juniper Research has recognized [Worldpay](#)[®] as an “Established Leader” in e-commerce technology and solutions in its latest [Global eCommerce Payments Markets 2024-2029](#) report. The annual report evaluates the competitive landscape across several factors including technology firms’ solution offerings, strategic partnerships and client base, as well as key strengths and opportunities.

Worldpay leads the pack with its placement as overall leader, affirming its commitment to innovation, customer-centric solutions and an unwavering dedication to empowering businesses worldwide. In the report, Juniper Research highlighted the company’s broad geographic capabilities, processing more than 50 billion transactions annually across 146 countries and 135 currencies, as well as its advanced fraud solution, [FraudSight](#)[™] and the ability to enable a wide array of alternative payment methods for merchants.

"Worldpay has built a strong proposition for e-commerce merchants everywhere with its emphasis on technology, scale and consumer preferences," said Lorien Carter, Research Analyst at Juniper Research. "Our recent report shows how Worldpay is categorically leading across the spectrum against its competitors with innovative solutions like its machine learning-enabled fraud tools, the ability to accept the leading alternative payment methods, and its revenue-enhancing solutions for merchants."

"Worldpay has always been focused on offering solutions to merchants that make payments safer, faster and easier for businesses and consumers," said Cindy Turner, Chief Product Officer at Worldpay. "We have world-class technology to protect merchants from fraud and enhance revenue opportunities through optimization, which is backed by the global scale to open opportunities for merchants anywhere they want to do business. Juniper Research's Leaderboard confirms that Worldpay is the foremost payments platform that delivers the next generation of payments technology. We are thrilled to be leading in this space."

Earlier this year, TSG awarded Worldpay for [Best Performing Gateway](#) and Fastest Transactions as part of the firm's annual rankings. The company has also been [ranked the number one payments acquirer in Europe](#).
