

Worldpay Leaps Ahead in 2025 TSG API Awards

July 17, 2025

Wins in Innovation and Onboarding highlight Worldpay's client centric approach to technology

[Worldpay](#)® has leapt ahead of its peers for innovation and onboarding in the recent API Best in Breed Report from The Strawhecker Group (TSG). This year's awards, powered by TSG's Global Experience Monitoring (GEM) platform, spotlight Worldpay's commitment to developer experience and performance.

"We're proud to be acknowledged by TSG for delivering intuitive, reliable, and forward-thinking payment solutions that help businesses thrive in a rapidly evolving landscape," said Cindy Turner, chief product officer at Worldpay. "We continually invest in making our payment experiences seamless and secure for our customers as well as easy to implement. Because of our dedication and hyper focus on the needs of our clients and partners, this recognition is especially meaningful."

Worldpay took home the API Innovation award, recognized for pushing the boundaries of what's possible with developer-centric design and forward-thinking capabilities. This leap in API technology is redefining how businesses integrate and scale payments, setting a new industry benchmark.

Worldpay was honored with Best API Onboarding, thanks to its seamless, developer-friendly integration process and clear documentation. Worldpay's e-commerce offering was also a runner-up in this category, underscoring Worldpay's leadership in making payments integration easier for businesses of all sizes.

In addition, Worldpay was named a runner-up in the Secure Payments category, Best Overall API and API Excellence, reflecting the company's robust approach to security and reliability.

"Being recognized in this year's TSG API Awards is a testament to Worldpay's commitment to innovation and developer experience," said David Cooper, chief technology officer at Worldpay. "Our wins in API Innovation and Best API Onboarding, along with our recognition for secure payments, reflect our ongoing efforts to push the boundaries of what's possible for our clients and partners."

These API wins build on [recognition from TSG earlier this year](#) where Worldpay was awarded for the Best Performing Gateway and Fastest Transactions for the second year running, as well as a new accolade for global reliability.
